

How to View the Fee Defaulter Report

Step-by-step guide — Fee Details module

Overview

This guide walks through how a Class Teacher views the Fee Defaulter Report in TrackMySchool — a report that lists students who have outstanding or defaulted fee payments. It covers navigating to Fee Details, opening the report from the Reports menu, and using the search filters to narrow the results.

Who this is for

Class Teachers only. The Fee Defaulter Report is opened and viewed exclusively by the class teacher, for the students in their respective class.

What you'll need

- An active TrackMySchool login (Teacher role)
- You must be the class teacher of record for the class you are checking
- The academic year selected (e.g., 2026-2027)

Step-by-Step Instructions

Step 1 — Open Fee → Fee Details

From the Dashboard, click Fee in the left-hand navigation menu to expand it, then select Fee Details.

Figure 1. Expanding the Fee menu to reveal Fee Details

Step 2 — Fee Details Dashboard

This opens the Fee Details Dashboard, which has a REPORTS menu in the top toolbar (there is no Data Entry option here, since this is a view-only report screen).

Step 3 — Open the Fee Defaulter Report

Click REPORTS, then select Fee Defaulter Report from the dropdown.

Step 4 — Set the search filters

On the Fee Defaulter Report page, you can choose between two views using the tabs at the top: Search by Classwise and Search by Studentwise. Below that, use the Search panel to filter by Academic Year, Class, Fee Heads, Terms, and Status (Active, Inactive, or Defaulter). An As on Date field lets you check the defaulter status as of a specific date, and Include Fields lets you choose which columns appear in the results.

The screenshot shows the 'Fee Defaulter Report' page in the TRACKMYSCHOOL system. The page has a sidebar with navigation links: Dashboard, Administration, Academic, Fee (selected), Transportation, and LMS. The main content area is titled 'Fee Defaulter Report' and includes a 'REPORTS' dropdown menu. Below the title, there are two tabs: 'Search by Classwise' (selected) and 'Search by Studentwise'. A 'Transportation Fee Defaulter Report' button is also visible. The 'SEARCH' section contains several filters: 'Academic Year' (set to 2026-2027), 'Class' (a dropdown menu with options: ALL, L.K.G A, L.K.G B, L.K.G C), 'Fee Heads' (set to --Select--), 'Terms' (set to --Select--), and 'Status' (a dropdown menu with options: --Select--, Active, Inactive, Defaulter). There is also an 'As on Date' field with a date picker set to DD-MM-YYYY. Below these filters is an 'Include Fields' section. At the bottom of the search panel are 'Search' and 'Cancel' buttons. The page footer shows the URL 'Read ics.trackmyschoolonline.com', a weather widget (40°C Sunny), a search bar, and system information (ENG, 8:54 AM, 30/08/2026).

Step 5 — Search

Select your class (and any other filters you need, such as Status = Defaulter to see only students with outstanding fees), then click Search to view the report. Click Cancel to reset the filters.

Related: Transportation Fee Defaulter Report

A separate report, Transportation Fee Defaulter Report, is also available for checking outstanding transportation/bus fees. It can be opened either from a quick-link button on the Fee Defaulter Report page, or via Transportation → REPORTS → Transportation Fee Defaulter Report. It uses similar filters: Class, Divisions, Fee Heads, Terms, and Bus.

Quick Reference Summary

- Dashboard → Fee → Fee Details → REPORTS → Fee Defaulter Report
- Choose Search by Classwise or Search by Studentwise
- Set filters: Academic Year, Class, Fee Heads, Terms, Status, As on Date
- Click Search to view results

Notes

- Only the class teacher of a class should open the Fee Defaulter Report for that class.
- This is a view-only report screen — no data entry is done here.
- The academic year selector (top right, e.g., 2026-2027) determines which year's fee data is shown — confirm it's set correctly before searching.
- This guide is based on a screen recording of the navigation and search screen; the actual report results grid may vary depending on the filters selected.
