

How to Update Student Behaviour

Step-by-step guide — Behavior and Disciplinary module

Overview

This guide walks through how a Class Teacher records behaviour remarks for students in their class using the Behavior and Disciplinary module in TrackMySchool, from the dashboard through to a saved confirmation. It covers opening Student Behaviour, selecting a class and division, entering remarks per student, and saving.

Who this is for

Class Teachers only. Behaviour remarks are entered exclusively by the class teacher for the students in their respective class.

How often this should be done

This entry should be completed once every month for each class, so that every student's behaviour record is kept current.

What you'll need

- An active TrackMySchool login (Teacher role)
- You must be the class teacher of record for the class you are updating
- The academic year selected (e.g., 2026-2027) and the class/division you are the class teacher for

Step-by-Step Instructions

Step 1 — Open the Behavior and Disciplinary Dashboard

From the Dashboard, click Academic in the left-hand navigation menu, then select Behavior and Discipline. This opens the Behavior And Disciplinary Dashboard, with DATA ENTRY and REPORTS menus in the top toolbar.

Figure 1. Behavior And Disciplinary Dashboard

Step 2 — Open Student Behaviour

Click DATA ENTRY, then select Student Behaviour from the dropdown.

Figure 2. Data Entry menu showing Student Behaviour

Step 3 — Fill in the search filters

On the Student Behaviour page, use the Search panel to select the Class and Division for your class. You can optionally narrow the search further using Name / Admission No.

Figure 3. Student Behaviour search filters (Class, Divisions, Name/Admission No.)

Step 4 — Select your class and division

Choose your Class (e.g., IV) and Division (e.g., F) from the dropdowns, then click Search. As the class teacher, you should select the class and division you are responsible for.

Figure 4. Class and Division selected before searching

Step 5 — Enter behaviour remarks for each student

The class roster loads with Sl.No., Admission No., Class, Name, and a Remarks text box for each student. Some students may already have a remark filled in from a previous entry. Type or update the remark for each student as needed, reflecting their behaviour for the current month.

Step 7 — Confirm the update was saved

After saving, a green banner appears at the top of the page reading “Discipline remarks saved successfully,” and the page resets to the Search panel, ready for the next class/division if needed.

Figure 7. Success message after remarks are saved

Quick Reference Summary

- Dashboard → Academic → Behavior and Discipline → DATA ENTRY → Student Behaviour
- Select Class and Division → Search
- Enter or update the Remarks for each student
- Click Save → look for the green success banner
- Repeat this process once every month for your class

Notes

- Only the class teacher of a class should enter behaviour remarks for that class.
- This update should be done every month to keep each student's behaviour record current.
- The academic year selector (top right, e.g., 2026-2027) determines which year's roster is shown — confirm it's set correctly before making entries.
- This guide is based on a screen recording of the workflow; menu labels and field names may vary slightly depending on your school's configuration.
